## DEFINITIONS

*The definitions of the following terms are descriptive only. The Termsheet and the Rulebook are the only legally binding documents. For detailed information please refer to the relevant Termsheet and Rulebook.*

### ASSETS UNDER MANAGEMENT

The assets under management equal the Certificate Valuation multiplied by the number of the Outstanding Certificates.

### CCY

CCY is the abbreviation for Currency.

### CERTIFICATE VALUATION

The Certificate Valuation equals the index valuation adjusted by the Units and the relevant FX rate, where necessary, minus accrued fees.

### INDEX VALUATION

The index valuation equals the sum of the value of all components in the index in the currency of the respective component divided by the number of Outstanding Certificates and adjusted by the Units and the relevant FX rate, where necessary. The adjustment by Units is necessary to restrain from valuation fluctuations due to paid fees. Therefore, the index valuation does not include any fees.

### OUTSTANDING CERTIFICATES

The Outstanding Certificates equal the number of certificates which are currently outstanding. Any new subscription or redemption increases, respectively decreases the number of Outstanding Certificates.

### UNITS

Units affect the exposure of the index in the certificate. Payment of any fees (other than transaction fees) will reduce the corresponding number of Units of the index.
